Jill said Phil went to the specialist yesterday. He wants to wait and see what the antibiotic does before he makes any decisions. Phil's neck is not hurting today! I also saw Gary today and he looks WONDERFUL! Though he has to have hernia surgery soon, he says that he feels great! What a wonderful Lord we serve! Thank you Jesus for your hand upon these men!

While I was at the doctor's office with Nolan to get his pre-surgery physical...the rock that needed surgical removal from his ear fell out,,,while the doctor was looking in his ear. The rock is about 3/8" long by 1/4" wide. Nolan told the doctor we prayed it would fall out. Dr. Catanzarro looked at me suspiciously and I said, "when a design operates with perfect functionality, we praise the designer. Praise the Lord." She said, "well that's great...." and I said, "you're right!" **Tony Knight**

Just in this morning- a miracle, an answer to our prayers! Remember last week when the Lord spoke to pray that Nolan would not have to undergo surgery, b/c the Lord was going to cause the gravel/rock to fall out of Nolan's ear canal? Well, we prayed. Actually, that morning once I knew this was what the Lord desired for Nolan- as I prayed intensely EXPECTING it to happen- I felt the release of the gravel and knew it was falling out. Of-course, that day and even the next morning I kept praying and anticipated a phone call saying "It fell out!!!" But . . . days went by, no phone call. As I went onto my Facebook account this morning I had seen a request from Nolan's future aunt asking people to pray for Nolan and about his surgery that is to happen tomorrow morning. Right then I thought, "Now Lord, you said it would fall out, I believe what you said, why hasn't it happened?" The Lord was using this for my life to see if I could be found faithful for sure. He awaited my response to the FB comment to see if I would say what the word of the Lord had spoken, rather than relying on wishy-washy "we'll see" faith. So, I did . . . after my reply I put my hands over my ears one more time and prayed that the obstruction (rock) be loosened, and God's healing released in Nolan's ear canal that he would not need surgery and the rock would fall out by a miracle of God. He said it would, and I believed it!!! Went on with my day- and not even 1 hour later received a phone call from Mary saying that they were at the doctor with Nolan and that the rock was sitting outside of his ear and could be reached by the doctor- NO SURGERY!!!! God is AMAZING!!! Don't underestimate what our God can do, and when He says He is going to do it- BELIEVE IT and continue to Pray without ceasing- Our timing is not God's perfect timing. He desires us to be found faithful and completely depend on Him!!!!
